 TEAM PROFILE

KRISTY MANARINO

Robert K. Jones Insurance welcomes Kristy Manarino, the newest addition to the agency. Kristy is the new Life & Health Account Manager.

She recently moved here from Niagara Falls, New York where she was the Social Enterprise Manager for the YWCA of the Niagara Frontier. She is very passionate about old cars and enjoys spending time with her three kids, riding motorcycles, and being out on the open water.

WHAT OUR CLIENTS ARE SAYING

"I just wanted to send you a message and say Thank You for all you have done! I know it just may seem like you are just doing your job...however I feel very blessed that you went above and beyond to make sure my family and I are safe. I truly appreciate your time and attention." –Ami

"Dan Biedenharn is a great person with great character. He is very trustworthy and provides excellent service. Dan has made the process of dealing with insurance easy and painless. This is a process I used to dread but he makes it easy. He made recommendations that no other agent had ever made all the while saving me loads of money in the end. I have and will continue to recommend Dan to all of my family and friends." –Mitch

INSURANCE TIPS

TIPS FOR THE COLD WINTER MONTHS - HOME & AUTO

'Tis the season for fun and happiness with the family. But are you ready and safe for the colder months? Here are some things you can do to prepare your home and autos.

HOME

- **Clear out gutters, repair roof leaks, and remove debris** to avoid issues arising out of snow and ice buildup, blockage and melt.
- **Make sure your fireplace's flue is closed when not in use** to avoid heat loss in your home.
- **Check your Fire and Smoke Alarm System's batteries and function** as more fires are lit during winter months.
- **Maintain a consistent warm temperature in your home** to avoid freezing pipes. During extra cold spells, keep cabinet doors open around pipes so they can be exposed to your home's warm air. Consider pipe insulation for pipes in areas openly exposed to cold air.

AUTO

- **Drive only if absolutely necessary.** Some 70% of winter storm deaths are auto-related: 1 in 4 are the result of people being stranded in severe weather.
- **Make sure your tire pressure and tread are sufficient.** As a rule of thumb, for every 10° Fahrenheit change in air temperature, tire pressures will change about 2%.
- **Keep a Cold Weather Kit in your trunk.** Include things such as: bagged salt or sand for melting ice and traction, a blanket, warm apparel, food and water, a first aid kit, a shovel, a flashlight and a backup charger for cell phones and other communication devices.

JONES IN THE COMMUNITY

Dan Bitler and his son, Jack, with Gunnar Listerman's parents, David and Bridget at the **Gunnar Listerman 5K Walk/Run**. It is an event to support the fight to end Duchenne Muscular Dystrophy (DMD).

The Jones Team participated in **PuroClean's Holiday Food Drive**. Each year, PuroClean hosts a food drive to help feed our community over the holidays. All items are donated to local food shelters.

SHOES 4 THE SHOELESS

The Jones Team participated in **Shoes 4 the Shoeless** to provide shoes and socks to Dayton area children in desperate need. This year the event was at John H. Morrison Elementary.
