CLAIMS CORNER

Did you know that your auto insurance extends coverage to you as a passenger in someone else's vehicle?!

While a passenger in a friend's vehicle, our insured was injured. The driver who caused the accident had insurance, but the policy limit was only \$25,000. Our insured's medical bills were almost \$100,000. We provided our insured with \$250,000 of uninsured/underinsured motorist coverage. Our insurance covered the bills that the at fault driver's insurance did not sufficiently cover.

Keeping up with the *Jones*

JANUARY 2021

BUILDING UPDATE

Many of our clients have been asking about our new location on Wilmington Pike. The pandemic has moved things along much slower than anticipated, but we are excited to share that we are getting closer. The parking lot is complete, roof is replaced, HVAC and electrical systems have been completely replaced, and the elevator is being installed. They are now starting on insulation and drywall. The end is getting closer. We are hoping to be enjoying our new location by early March. We will be mailing and emailing all of our clients once we move to our new location.

WELCOME ADAM HORSEMAN

We are excited to welcome Adam Horseman as our newest insurance agent to our team.

Adam Horseman joined our agency in December of 2020 after spending the past 16 years working in Division 1 college athletics. Adam is from the local area, graduating from Beavercreek High School and then earning a Bachelor's of Science degree from Wright State University. He then studied and worked at the University of Florida, earning a Master's of Science degree, while working with the university's student-athletes. Upon returning to the area, he began his career at Wright State University, where he tended to the medical needs of the student-athletes, and served as an adjunct instructor in the Kinesiology and Health Department. While at WSU, Adam served multiple terms on the Unclassified Staff Advisory Council and helped establish the new Staff Senate, which helps to provide shared governance for university staff.

In his free time, Adam enjoys playing golf, attending live music events, cooking, and supporting local businesses in and around the Dayton area. He resides in Beavercreek with his wife Brittany and their two children, Camden and Jake.

JONES FUN FACTS

A COVID CHRISTMAS

The Biedenharn family, like many other families, celebrating Christmas in the garage COVID style.

A CARDBOARD CHRISTMAS

For this year's Christmas gift, the staff chose cardboard cutouts for Dan, Kevin & Colleen. They captured Kevin and Colleen in their Flyer attire, but chose Dan's Halloween costume (Dumb and Dumber) for his Raider choice.

“ WHAT OUR CLIENTS ARE SAYING ”

“I have done business with this company for over 20 years. They are very responsive to both phone calls (a real person answers) and email (within 24 hours). Professional, efficient, courteous. I have made a few claims and never any problem. I have felt like they advocated for me in those situations. I have compared prices several times but have never been able to find similar coverage, from a reliable company, for less. Reading horror stories from elsewhere I'm very glad I've stayed with Jones Insurance. Highly recommended.”

- Cindy W. -client since 1999

“After using a competing agency for many years and becoming increasingly dissatisfied, I moved all my personal insurance to the Jones Agency. They carefully reviewed my situation and developed a plan with the same carrier that was more economical, yet with better coverage. They have also taken care of my Medicare supplement needs. The staff is knowledgeable, efficient, and courteous. They are a first class agency.”

- Timothy T. -client since 2009

JONES IN THE COMMUNITY

THE GIVING TREE

Our entire team participated in the giving tree program for Choices, Inc. (Children have options in Caring Environments) for the 6th year. These gifts are given to foster kids in need for the holidays. In addition to participating in the giving tree project, we also made a monetary donation of \$500.00.

www.choicesfostercare.com

PROVIDING WARMTH

Lisha Nienhaus headed up the project of collecting warm clothing, blankets and sleeping bags to donate to the House of Bread. Our team presented them just in time for the cold days we are now experiencing. The House of Bread is a non-profit community kitchen that provides a warm lunch 365 days a year. www.houseofbread.org

POLLING TIME

Kevin Jones volunteering in Oakwood at the poles and Lisha Nienhaus volunteering in Kettering with one of our insureds, Jack Menke.
